

Artist Showcase

Located just inside the entrance, the showcase provides a brief, enticing introduction to the hundreds of fine crafts to be found in the booths at Inland Crafts. Prior to opening time each day, one of the Showcase managers may visit your booth asking to borrow a piece of art for exhibit at the "Showcase." Send your work with the price tag on it. While on display your name & booth # will be placed by the work. If someone wishes to buy a piece from the Showcase, the work will be carried by the Showcase manager or an Inland Crafts volunteer to your booth. The artist will complete the sale. The Showcase will have Inland Crafts volunteers providing security at all times. Samples at the Showcase will be changed periodically. Not all participants work can be shown at once. You may choose not to participate. Jewelry will be in locked cases. We know this encourages sales, since having very happy past participating artists!
